

SMB Essentials on Azure

A Click-to-Run™ Solution from TD SYNEX

Business Challenge

The world of traditional IT is under pressure to increase agility, reduce costs, and do more with their limited resources. Organizations need flexible infrastructure that can scale on demand and develop hybrid cloud capabilities to deliver faster innovation with optimal control and security.

Introducing TD SYNEX SMB Essentials

TD SYNEX has developed a pre-configured solution for partners looking to deploy a highly scalable all-in-one ICT system for SMBs, and deployable in fifteen minutes or less through our Streamone® cloud platform.

This Click-to-Run™ solution has been optimized so SMB partners can easily customize and build a reliable infrastructure on Microsoft Azure, delivering a versatile and scalable modern computing environment in a single deployment.

This solution includes a virtual network or option to add an additional virtual network, create a storage account, as well as options to deploy a File Share, Windows Domain Server, and Azure SQL Database.

Key Features

- **Secure, Reliable and Cost Efficient:** All-in-one ICT system, designed to make your SMB customer's business future proof.
- **Focussing on Business needs:** Focus on your business needs instead of spending the time and money it takes to plan, procure, secure, and manage the right infrastructure.
- **Customizable:** Customize your deployment with different VM sizes to meet your needs.

Business Outcomes

- Modernize IT infrastructure
- Lower costs and complexity
- Scalability
- Disaster Recovery
- Legacy cloud application hosted in the cloud

Why Leverage TD SYNEX Click-to-Run™ Solutions?

Reduce Cost and Time

Reduce costs, time and risks by customizing and deploying pre-architected, validated and tested solutions.

Offer More – Get More

Enhance your portfolio and increase your revenue by offering more options and solutions to your customers.

Faster Time to Market

Receive a broad set of enablement resources to quickly build cloud solutions practices within your organization.
